

FROM CHERRY-BLOSSOM LAND

The Japanese Give Good Example

It is a proverb of Cherry Blossom Land that beauty of face and figure depend on womanly health.

What is it that makes our American women often pale, sallow-faced, with dark circles under the eyes, and very often old at forty-five when they should be in their prime?

Women suffer in girlhood from back-ache, spine-ache and headaches, followed by irregularities and as a result diseases of the womanly organs are more common than any one but a physician in active practice could suppose.

After long experience in the treatment of women's diseases, Dr. Pierce evolved a vegetable tonic and corrective which he called Dr. Pierce's Favorite Prescription. This is a purely vegetable preparation, without a particle of alcohol contained in it.

When a woman complains of backache, dizziness or pain—when everything looks black before her eyes—a dragging feeling, or bearing-down, with nervousness, she should turn to this "temperance" herbal tonic. It can be obtained in almost every drug store in the land and the ingredients are printed in plain English on the wrapper. Put up in tablets or liquid. Dr. Pierce, of Invalids' Hotel, Buffalo, N. Y., will send a trial size of the tablets for ten cents.

ODDITIES OF CALENDAR

The month of January always begins on the same day of the week as October and the same is true of April and July, September and December. February, March and November also begin on the same day of the week. This, however, is only true in normal years of 365 days. A century can never begin on Wednesday, Friday or Saturday. Furthermore, the ordinary year ends on the same day of the week as that on which it begins.

Kissing either wife or child was a punishable offense in England in the Seventeenth century.

EPISCOPAL CHURCH PLANS REVISION OF PRAYER BOOK.

Revision of the Book of Common Prayer of the Episcopal church, church unity, and revision of the canon on matrimony are three of the most important matters to be brought to the attention of the delegates at the terminal convention of the church that opened in Detroit, Mich., October 8. It is anticipated that upwards of 3,000 delegates and many of the leading churchmen of this and other countries will attend the convention, which will last two weeks or longer. The proposed revision of the canon on matrimony would make it impossible for an Episcopal clergyman to remarry divorced persons, even the innocent party to a divorce.

WHERE THERE'S A BABY ON THE FARM KEEP RAT-SNAP

Rats are on most farms. Once they get inside the house—look out. Rats kill infants—biting them is not unusual. Nursing bottles attract rats. Break a cake of RAT-SNAP and throw it around. It will surely rid you of rats and mice. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by the Farmers' Supply Company.

MT. STERLING MAN INJURED IN AUTOMOBILE ACCIDENT

Mr. Millard R. Hainline, of Mt. Sterling, well-known in Paris, was badly injured in an automobile accident Monday night, while on his way home from Lexington. The accident occurred on the Lexington pike, near Paris.

Mr. Hainline and Mr. and Mrs. Dee Smith, also of Mt. Sterling, in Mr. Hainline's car, ran into a car standing on the side of the road near Hutchison. The wheels of the two cars became locked closely together, and while trying to get them apart Mr. Hainline was hit by an automobile that was passing by. It was stated that the third car was running without lights, and that Mr. Hainline saw it just in time to step on to the running board of his machine. He was thrown underneath the machine, his leg being broken near the ankle. Mr. Hainline was placed in the car and taken to St. Joseph's Hospital, in Lexington, where the injured member was set and he was made comfortable.

Sapping the Public Schools of Kentucky

Taxes Going Up;

Teachers Underpaid

Under Stanley Democratic rule, in the three years 1915-1918, the equalized value of all property assessed for taxation in Kentucky has increased the enormous sum of \$527,278,483.00. During the same period, the amount distributed by the state to the counties to pay the salaries of school teachers has only increased the pitiful sum of \$45,784.37.

Taxpayers, This Is Your Business

The new tax law making this huge increase in taxes was passed to raise more money for general state expenses, to pay off old debts and to give more money to the public schools. If this law has raised enough money to pay general expenses and to help pay off some old debts, why has the school fund not received a proportionate increase for the education of your children?

The School Teachers' Merry-Go-Round

The records show that in 41 counties in Kentucky, the salaries of school teachers were more in 1916 than in 1917, 1918 and 1919. They also show that in 71 counties the salaries were more in 1916 than in 1917 and 1918. This has forced hundreds of teachers to travel from one county to another seeking better pay to meet the high cost of living. In one county in Kentucky, out of 104 teachers last year, only 22 returned this year. In another county only seven out of 48 returned. In another county only 5 out of 95 returned. In one of the largest and best counties of the state only one rural teacher has not changed location within the past five years.

Holding Up the Teachers' Pay

In the same month that Governor Stanley approved the law cutting down the teachers' salaries, the state owed the teachers for back pay, \$548,372.00. Three months later this amount had jumped to \$1,432,837.94. On June 30, this year, the state still owed the teachers for back pay \$698,484.87. In 1917, the first month's salary was paid in October after three and a half months of teaching. The final payment was not made until August, 1919, eight months after the close of the session. Last year a law was passed to remedy this, but at that salaries are still running late. In addition to having their salaries cut, the teachers also have their pay held up.

Cutting Down the School Year

Three months after Governor Stanley signed the bill cutting down the teachers' pay, the school year was cut from 7 months to 6 months. The children were deprived of a whole month's schooling. This year, the school year ending June 30, 1920, was kept at 6 months instead of being put back to 7 months, thus depriving the children of another month's schooling. Twelve months' schooling in two years in place of 14 months.

Gilbert's "Sore Toe" Book

Supt. Gilbert's printing bill is costing the taxpayers three times what they paid under Governor Willson (Republican). Among the books paid for by the taxpayers at a cost of \$15,000, was the famous "Sore Toe" book, compiled by the equally famous Dr. W. L. Heizer, whose "Physiology" was ridiculed by the leading Democratic newspapers of the state. This "Sore Toe" book tells little Johnnie how to wrap up a "puncture" in his foot, warns little Jennie not to eat meat more than once a day, calls on dad to shave off his whiskers, advises mother to wash an egg before boiling it, and demands the killing of all dogs and cats.

Stanley O. K's Pay Cut

In 1918 a Democratic legislature passed a law and it was approved by Governor Stanley, March 18, 1918, cutting down the amount of money for school teachers' salaries from 26 cents to 18 cents, and many teachers were forced to quit their jobs altogether or to seek positions in other states.

Gilbert's Extravagance

The minute Supt. Gilbert got into office he began filling up his own office, at Frankfort, with clerks and stenographers. The salaries in his department have gone up to three times what they were under Governor Willson (Republican). The Democratic legislative probe committee of 1918 condemned the Bureau of School Inspection for giving salaries to people who did no work, but there has been practically no change. Morrow will change it.

Text Book Commission Farce

The Stanley Text Book Commission changed most of the books in the grades and would have soaked the parents of the children \$650,000 more for their books, but the whole adoption was thrown out by the Court of Appeals. Urged by leading Democrats all over the state to also throw out the Text Book Commission, Governor Black turned a deaf ear and by the time a new adoption was made the publishers were so delayed that many schools have been forced to get along with old books, and some of them won't get the new books at all for proper work this year.
